

## Number Dog Coding Challenge

Welcome to the Number Dog Coding Challenge.

This is a simple synthetic PDF file, containing a table your Extractor is supposed to detect, parse and build a Content instance on.

Table 1: Aliquam sed pulvinaretium magna.

Suspendum	Maecenaeos	Quismodo
1	lectus	83275
2	pretium	49535
3	estiquat	353453
4	vestibus	343
5	vehicula	345363
6	sapient	345345
7	temper	6575
8	maurien eget	124367
9	gravida magna	876
10	laorem imper	56767
